The houses should be built of brick or stone and be especially adapted for the purposes required.

The Grand Jury has examined the "County Jail" and found these buildings to be in fair condition.

The County Jail, however, as we referred to, needs to be replaced with a modern structure, where more attention is paid to safety in holding the prisoners.

The school houses of the county were examined and found to be satisfactory and were therefore not examined by the Grand Jury.

J. L. BEARD, Foreman.

The accompanying financial statement contains figures entirely and several pages are devoted to giving the amount of money received by each county official and deputy.

It shows that of the cases filed with the County Jail, 100 cases were committed, 63 probate and 10% criminal.

# OAKLAND TEAM TO MEET SACRAMENTO.

## LOHMAN SAYS HE WILL WIN SERIES

TO-MORROW'S GAME AT GOLDEN GATE BASEBALL PARK WILL BE EXCITING.

Tomorrow, on the home grounds at Golden Gate Base Ball Park, the Lohman team will meet the Sacramento team in the first game of the series. The Lohman team, which has been victorious since its last visit to the bay, has the advantage of home field, the fact of National League pitcher, and the release of centerfielder Robinson. Stacker of Southern California League team, will probably make his first appearance in a Sacramento uniform.

But with all his reinforcement, Manager Lohman of the League leaders, has enough confidence in his players to believe that a majority of the games are already won. Cristall and McKinnon will do the slugging work for the Lohmans in the opening game tomorrow afternoon and Fisher will without doubt hand out the wickets for the visitors.

Walters, the clever centerfielder of the Lohmans, who has been laid up at his home for the past week with an attack of food poisoning, is greatly improved and may be able to play in the present series.

Members of the team are making all arrangements for a fish banquet to-night. Last night Captain Hill, who was left for his old stomping grounds, Santa Cruz, to put in the day fishing. If he returns without fish it will be all day with him.

News comes from Denver that Park Wilson, the premier backstop, who had more to do with San Francisco capturing the pennant last year than any other player on the team, is fast whipping the Denver aggregation into pennant winning form. In two short weeks his heavy work on the diamond lifted the team from fifth to first place in the race. The team is now playing away from home and the daily reports show that they are taking these out of five games.

Wagner, the little fielder who was about to be released by Mike Fisher, has at last struck his suit and is back in the Lohman line-up. He is kept him for a time. In the last game with the Angels he covered more territory than any man on the team and in his only time at bat had out a three-bagger.

Bad water at Cincinnati has put him down. The California twinner, on the sick list. Both he and Thomas, of the Philadelphia's are down with malaria.

## EXCELLENT SCORES ON BOWLING ALLEYS

VERY INTERESTING GAMES ARE WITNESSED BY MANY SPECTATORS.

The contest between the Pastimes and the Oakland Bowling Alley team last evening on the local alleys was close and interesting throughout. The first game was in favor of the O. B. A. team, five points, and the second in favor of the Pastimes, six points, while the third and deciding game, which the Pastimes won, was a close contest, the Oakland team, who finished 47 pins to the good on the total score.

K. L. McLaughlin bowled unusually well, scoring 22 in the last game. After the game he bowled 220 and J. L. Bird made 200.

The detailed scores are as follows:

THE DEWEY THEATER.

At the Dewey Theater last night there was given the initial performance of the new Irish play, "The Shamrock and the Rose," in which all the members of the Dewey Stock Company appeared in interesting and congenial characters.

The story is one of patriotic impulse, love, class-hatred and intrigue. The longing of the Irish for freedom is expressed in a dignified and thoughtful manner and the love scenes are skillfully designed and very effectively enacted. Mr. Stevens appears in the heavy character, that of Captain Beck, and gives to it a verum which entitles him to the admiration of the audience. Miss Fanny Gillette has a tearful part in Rose Fitzgerald. Ervin Blunkall makes a romantic young patriot out of John Desmond. Will Walling had a grateful part in Saint Douglas and played it in an excellent manner. Effie Bond was charming as Eileen O'Rourke. Morris Stewart made a skulking sneak out of Shaun Carey, and Joseph Damery played Barney O'Brady with a zest and abundance in pretty vocal solos, which are excellently sung by Effie Bond. Will Walling and Joseph Damery. The play will be continued all the week.

## STATE ORGANIZER J.H. MULLEN SERIOUSLY ILL

J. H. Mullen, State organizer of the Building Trades Council, is still lying seriously ill at the East Bay Sanitarium, to which place he was taken yesterday, after having been taken ill with a severe attack of typhoid pneumonia. Mr. Mullen contracted a severe cold recently while on a professional visit to Eureka. He did not heed the advice of his friends and place himself under the care of a physician. He continued to work endeavoring to effect a settlement of the dispute between the Building Trades Council and the Federated Trades. Over exertion and inattention to his physical condition have prostrated the patient and his present condition is so low that his recovery is considered uncertain. Today, however, there was a

Some recent good scores were: W. T. Woods, 250; M. Golovitch, 204; E. F. Dreger, 206.

The private alleys were occupied last evening by the "Monday Evening" Bowling Club, which is composed of ladies and gentlemen.

The members in attendance were: Miss Florence Stewart, Miss Ruth Morse, Miss Emily Fairchild, Miss Geraldine Stapham, Miss Elizabeth Scutham, Miss M. Goodfellow, Mrs. Henry A. Melvin, George Jackson, James G. Quinn, Frank Kinsey, H. Goodfellow, and Clarence Crowell.

## PREPARING FOR THE REGATTA.

FUNDS WILL BE GIVEN TO THE LOCAL COMMITTEE FOR PRIZES.

The regatta committee of the Pacific Athletic Association met with the citizens' committee of Oakland last night and discussed the plans for the fourth of July regatta on Lake Merritt. The \$1,000 already spoken of is at the command of the Association, and possibly more money will be added to the fund later. It was definitely decided to pay the expenses of the Portland crew to this city and also to ask them to bring down a single sculler. The course will be one mile with a turn, so that the races will be in full view of the spectators from start to finish.

Walters, the clever centerfielder of the Lohmans, who has been laid up at his home for the past week with an attack of food poisoning, is greatly improved and may be able to play in the present series.

## ADAMS WILL GET DEEDS.

COMES TO AN AGREEMENT WITH THE MEMBERS OF THE COUNCIL.

Seven ordinances dealing with Edison F. Adams et al. property which they decided to the city clerk's back the purposes were passed finally at the meeting of the City Council last evening. The property in question borders on Lake Merritt, and it was decided to the city with the provision that the boulevard be completed. The bond election called for that purpose, however, failed to carry and the land has never been deeded back to the original holders, according to the agreement made at that time.

Recently, when the Adams estate agreed to give the city a strip of land along the Twelfth street dam from Fallon street to the first boat house, it was requested that the city clerk back the other property and avoid a suit to quiet title. Yesterday, however, M. J. Keller, chairman of the Bond Committee, requested the Council not to pass the ordinance, until a further investigation should be made, and last evening he attended a secret session of the Council to discuss the question.

After three-quarters of an hour, and at last, the Council passed the ordinance.

## FRANCHISE FOR A SPUR TRACK DENIED BY COUNCIL

### New Fire Limit Ordinance is Passed ---Routine Matters Handled by the City Fathers.

The application of L. N. Coonradt & Son for a franchise for a spur track at Webster and Second street was denied by the City Council last evening, Wallace being the only member to vote in favor of the franchise.

The Councilman from the Seventh Ward declared that he could see no reason why the franchise should not be granted despite the protest of ex-Councilman Heilmann and other property owners. There was a railroad already upon the street, he said, and the track would be in a district of manufactures, which should be encouraged.

Other Councilmen said they would vote against the franchise because of the vigorous protest of property owners.

Wixson said his opposition was not so much on account of the protest as on account of the promise of the Railroad Company to the last Council that the lot at Second and Webster street would not be obstructed.

The application was then denied.

**FRANCHISE GRANTED.**  
Permission was granted by resolution to the Seattle Brewing Company to put in a spur track on First street from 450 feet west of Jackson to 40 feet west.

**FIRE LIMITS CHANGED.**  
When the ordinance changing the fire limits was read, Mr. Bishop said that he had investigated the matter and believed the fire limits should remain as they are.

Councillor stated that the only objections he had heard from anybody was from fire insurance agents. He believed it would be a help to the building up of the lower end of town. He voted aye.

Wallace spoke in a similar strain. Dornin said that he had not changed his mind. He thought the ordinance reducing the fire limits was a step backwards. He voted no.

The ordinance was passed by: Ayes—Boyer, Courtney, Cuvellier, Fitzgerald, Ruch, Wallace, Wixson and Schaffer.

Nays—Bishop and Dornin.

**MONEY APPORTIONED.**  
The ordinance was adopted appropriating all moneys received for the fiscal year 1902-1903 from the sale of licenses and from the courts, boards, officers and employees of the city, except such moneys as are apportioned by law or ordinance to other funds, as follows: To fire fund 25 per cent; police fund, 25 per cent; salary fund, 20 per cent; street fund, 20 per cent; general fund, 10 per cent.

**LIQUOR LICENSES.**  
Gavello & Risi were allowed to withdraw their application for a liquor license at 34 Eleventh street.

The following were granted permission to obtain liquor licenses: John A. Gavello, 34 Eleventh street; N. Whitehead, 1542 Adeline street; Antonio Pezzolo, 442 San Pablo avenue; Peter Bertola, 750-752 Jefferson street.

**STREET LIGHTING.**  
A bid for lighting of the streets and public buildings for the next fiscal year was read. Accompanying it was a communication from President John A. Gavello stating that his company has made such reduction in the rates as will permit of the erection of a number of additional lamps and still maintain the expense at a very moderate figure less than last year.

The lighting for 1901-02 has cost the city \$3,500 less than the previous year and twenty-seven new lamps were obtained.

**WILL LEAVE STATE.**  
A petition from School Director F. C. Clift for permission to leave the State for ninety days after the 1st of June was granted.

Dr. W. S. Porter, a member of the Board of Health was granted a leave of absence from the State for sixty days.

Property owners on Howe street, between Fortieth and Moss avenue, on Thirty-eighth street from Sullivan street to Telegraph avenue, and on Kirkham street, from Sixteenth to Eighteenth streets were given fifteen days to file sidewalk plans in front of their premises.

**CLAIMS PAID.**  
The claim of Dr. Ewer for \$12.50 for treating Policeman McSorley, who was injured while on duty, was ordered paid.

The claim of J. A. McMahon for \$135 for repairing the City Wharf was ordered paid.

**PLANS FOR SEWERS.**  
A resolution adopting plans, etc. for a sewer on Fourteenth and from East Fourteenth to East Twelfth street was referred to the Street Committee. Also plans as submitted to the Street Committee. Also resolution of intention to sewer Chase street and Willow street.

Street Superintendent Ott's recommendation as to a sewer south of Third street from First to Union streets was referred to the Street Committee.

The report of the Board of Health as to expenses of caring for small-pox patients was read.

**GRADES CHANGED.**  
The ordinances changing grades of the following streets were finally passed: Seventh avenue from East Twenty-third street to Twenty-fourth street; East Twenty-fourth street, from Seventh to Eighth avenues; East Nineteenth street, from Fourth to Fifth avenues.

An ordinance was passed to print changing the name of Yosemite street to Fairmount avenue, and Hawley street to Fairmount avenue.

**TWELFTH STREET DAM.**  
A resolution was referred to the City Engineer and City Attorney to prepare plans, specifications and estimate for improving Twelfth street dam from Fallon street to the Boulevard, and such resolutions as are required.

The claim of Henry Scanlon for \$28 was referred to the Finance Committee.

## WOULD NOT VOTE FOR J. B. MCHESNEY.

### MANY IMPROVEMENTS ARE PLANNED IN SCHOOL HOUSES.

A resolution introduced by Director Clift near the end of the Board of Education meeting last night caused a most animated controversy between Mr. Clift and Dr. Knox. The resolution stated that as J. B. McChesney had rendered such efficient service as Principal of the Oakland High School, that the Board tender its confidence and esteem to him.

Superintendent McClymonds read the resolution and upon suggestion of Dr. Knox, it was read a second time.

"What's the idea of bringing the matter up at this late date?" inquired Dr. Knox.

"Well, this is near the end of the school year, and the last opportunity I'll have to present the matter," explained Clift.

"I don't see any use digging up old bones, and besides we can get along without Mr. McChesney on record."

"I suppose that you can," replied Director Clift, "but Mr. McChesney has done very efficient work in his schools and I think that we should recognize the fact."

The rest of the directors were hugely enjoying the set-to between Directors Clift and Knox, and the attempt on the part of Director Evans to secure peace.

"If Mr. McChesney was such an efficient worker in our schools, a commendation from the Board of Education would be a very proper thing," said Dr. Knox, "I am of the opinion that he would have still been in this department and not out of it."

"I think that the reason he is not at present in the school department is that he has outlived his usefulness," explained Director Clift.

"Well, I consider that this is a very late date to bring up the matter," said Dr. Knox. "The man has been out of the department for some time. You should not try to put us on record."

"When it came a vote the resolution only received the support of Directors Button, Clift, Evans, Redington and Gray, Directors Isaacs, Knox, Randolph, Robertson and Wilcox voting no."

The resolution in full reads as follows: "Whereas, Mr. J. B. McChesney was, for the period of thirty-two years, Principal of the Oakland High School, and as such rendered most efficient service in behalf of public education, and the educational and moral advancement of a very large body of young men and women, many of whom have risen to positions of public trust, usefulness and honor in this city and throughout the State; and

Whereas, All these, as well as the general public appreciate their many obligations to this tried, true and faithful and devoted school master, whose life and services meant, and are moving on to the thousands whom he has instructed and advised; now, therefore, be it

Resolved, That this Board tender, and it hereby tenders, to Mr. J. B. McChesney this expression of its confidence and esteem, with the hope and belief, that all the undertakings in which he may hereafter engage, will be successful, and that he will continue to be as pleasant and successful in the future as they have been in the past, and that this resolution be spread in full on the minutes of this Board, and that an engrossed copy thereof, be by the Secretary, transmitted to Mr. McChesney."

**SCHOOL HOUSES AND SITES.**  
The Committee on School Houses and Sites submitted the following report, which was adopted and ordered placed on file:

Oakland, May 19, 1902.

"To the Honorable Board of Education: Your Committee on School Houses and Sites begs leave to submit for your consideration the following recommendations for improvement of the school property:

"We recommend that an iron fence with the necessary gates be placed on the entire frontages of the Piedmont School property, between East Eleventh and Twelfth streets, and also that a concrete wall, it is not known definitely whether this concrete wall will be strong enough to support new fence, be erected to replace the wall with a better wall be referred to the Committee on School Houses and Sites for their consideration.

"The committee the wall that is there now is not sufficient. The approximate cost of this entire improvement will be \$750, without the wall, about \$750, with the wall.

"We recommend further that an iron fence placed on a concrete wall be constructed around the Tompkins graded school property. The fence will cost approximately \$1,600. The concrete wall approximately \$500, making the improvement approximately \$2,100.

"We recommend further that an iron fence placed upon a concrete wall be constructed around the Tompkins graded school property. The fence will cost approximately \$750. The concrete wall, approximately \$500. Total improvement, approximately \$1,250.

"We recommend that bids be solicited from at least two iron workers for the construction of these several fences; that the bids be accompanied with a detailed drawing, or a short section of the fence, showing exactly the fence proposed to be constructed. That these bids be referred to the Board of Education at its next regular meeting for consideration.

"We recommend that the Board of Education advise the Board of Public Works for the construction of a heating and ventilating apparatus for the Classroom building, and that the work be done, together with a statement of the cost of the same.

"We recommend that that part of an iron fence placed upon a concrete wall be constructed around the Tompkins graded school property. The fence will cost approximately \$750. The concrete wall, approximately \$500. Total improvement, approximately \$1,250.

"We recommend that that part of an iron fence placed upon a concrete wall be constructed around the Tompkins graded school property. The fence will cost approximately \$750. The concrete wall, approximately \$500. Total improvement, approximately \$1,250.

"We recommend that that part of an iron fence placed upon a concrete wall be constructed around the Tompkins graded school property. The fence will cost approximately \$750. The concrete wall, approximately \$500. Total improvement, approximately \$1,250.

**GROVE STREET SCHOOL.**  
"We recommend the laying of granite curbing around the Grove street school property, approximately 400 feet, the approximate cost being \$400. We recommend the flooring of the room, and one hall in this building, and the repair of the sink.

**LAFAYETTE SCHOOL.**  
"We recommend that new plumes be laid on the floors in the basement; that

# M'MULLAN IS AFTER BREED.

SAYS THE AUDITOR SHOULD  
HAVE COLLECTED MORE  
MONEY.

C. S. McMullan, expert of the City Council, last evening made the following report to that body and it was referred to the Finance Committee for consideration:

"Gentlemen: In reviewing the assessment rolls for the purpose of ascertaining if this city by reason of official oversight or neglect or by clerical errors or omissions has been or is being deprived of the revenue intended for it from property owners I have to report to your honorable body that there should be \$6,000 more than there is in the city treasury to the credit of the personal property tax collections, and that the present City Auditor and ex-officio tax collector, Mr. H. Breed, is chargeable with such deficiency, he having drawn twenty-four monthly warrants for \$250 each in favor of Mr. R. W. Snow, who was previously indebted to this city as auditor and ex-officio tax collector by reason of withholding an excess of \$3,500 (and it is still withheld) collected by him as an officer of the city, from the owners of personal property in Oakland, as city taxes."

"The section of the city charter which made it the duty of Mr. Breed, as auditor, to refuse to draw any warrants in favor of Mr. Snow, as mayor, is numbered forty and prescribes the duty of the auditor."

"The section of the charter and also section 16 of article XI of the State constitution follow and Mr. McMullan continues:

"In connection with the requirements of city officers set forth in the last two quotations, I respectfully report

that Mr. Breed, as City Auditor, did, during the first month of Mr. Snow's incumbency as mayor, collect \$112.28 in city taxes and that during the second, third, fourth and fifth months of such incumbency he collected respectively \$90.29, \$245.30, \$370.29 and \$5,671.47, and that not until the twenty-sixth day of the following month did he turn over any of the city's money by him collected and that on that date he paid \$14,575.55—the total amount of his collections up to that date."

"The section of the constitution requires that moneys collected by public officers must be paid immediately into the treasury. We have then the matter of paying McMullan's claim for \$200 for work concerned was considered and the claim was allowed, notwithstanding the protest of the minority. Cuvellier said he believed that McMullan was doing good work and he believed that he should be compensated but he understood that the city had been dissatisfied by the auditor."

"McMullan did not go to work until April 21st," said Cuvellier, "and yet he put in a bill for the entire month, which the auditor did not allow. I understood that McMullan was told by a majority of the Council to go to work and get his money. He has done the work and ought to be compensated."

"I don't object to giving Mr. McMullan \$100 a month as we agreed," said Cuvellier, "but I object to this private agreement between him and the city. He is an officer of the city and he has no business to do that, particularly since we agreed to bury the hatchet and work for improvements. This is a valid one and I shall vote against it."

"A vote was then taken to allow the claim and it resulted—

## AN EXPERT MAKER OF SURGICAL INSTRUMENTS

A new departure has been taken by Ole Olsen, the proprietor of the scientific surgical instrument maker, and emporium were formerly on Fifteenth street. They are now located at 407 Fourteenth street, where they will be convenient of access to medical and surgical gentlemen who may be in need of articles of the description.

Ole Olsen has opened a complete manufacturing depot and salesroom for surgical and dental instruments and orthopedic apparatus. He carries a large stock constantly on hand and is ready at the shortest notice to turn out any technical instrument which may be required by doctors, dentists or any other class of scientific men. He is also equipped with the most scientific grinding of instruments used by physicians and surgeons in the sick room or hospital.

Mr. Olsen has been in business here for ten years and enjoys the patronage and the confidence of the best medical and surgical practitioners in this section.

Mr. Olsen's proficiency in his line has been acquired by years of experience and by ten years' association with George Tienan, the largest and most successful manufacturer of surgical and technical instruments in the world.

COURT NOTES.

# TRUSTEES MEET IN ALAMEDA.

PLANS FOR THE HIGH SCHOOL  
BUILDING BEFORE THE  
BOARD.

ALAMEDA, May 20.—The plans for the new High School building, as recommended by the Board of Education, were accepted last night by the City Trustees and the City Clerk was instructed to advertise for bids for the construction of the building.

When brought to vote, the matter was settled unanimously, all five Trustees voting yes to the acceptance of the Board of Education's recommendations. Before the question was voted upon, however, the following very pointed communication from the Board of Education was read:

"Alameda, May 20.—To the Honorable the Board of Trustees of the City of Alameda—Gentlemen: We, the undersigned members of the Board of Education, have examined the completed plans, specifications and details for the Mastick School additions prepared by the architect, Mr. Charles Paff, and recommend their adoption. The said architect to file the bond required by the notice to architects heretofore published."

"We have also examined the completed plans, specifications and details of the architects, Messrs. Stone and Smith, for the Wilson School additions, and likewise recommend their adoption. The school houses, provided by the bond required by said notice."

"We have also examined the completed plans, specifications and details of the architects, Messrs. Stone and Smith, for the High School building, and likewise recommend their adoption. The architects to file the bond required by said notice."

"In reference to the High School building, we desire to call your attention to the fact that while by reason of the general law under which the bonds were passed you technically have the right to erect the structure, yet to do so on plans not approved by the Board of Education would be not only a flagrant violation of the spirit of the City Charter, but, in our opinion, would be likely to result disastrously in obtaining a suitable school building and in the ultimate cost thereof to the city."

"The charter expressly gives to the Board of Education the power to build and provide school houses, provided that no expenditure shall be incurred for the construction of new school houses without the approval of the Board of Education. The facts were evidently recognized by you when you referred all plans to our Board, with the announcement that you would not undertake to actually supervise the construction of the buildings, but on the contrary, would leave such matters directly to our Board for approval of our acts and taking such steps as would formerly comply with the law. We do not desire to argue with you, but we have thoroughly studied all the plans submitted and have indicated our preference. Sufficient damage has been done by your action to our city by the unsightly spectacle of acrimonious discussion caused by the ill-founded objections of the only member of our Board who has failed to vote at all on the High School plans, and who, from first to last, has opposed both the bond issue and the construction of the High School building."

"From any adverse arguments presented we have seen no reason to change our views, but are only strengthened in our belief that the best plan for the High School building. We therefore leave the matter in your hands, urging immediate action."

"You are, Frank Otis, Dr. E. M. Keys, Cyrus Brown, Dr. W. K. Scott."

## LIQUOR LICENSE ORDINANCE.

ALAMEDA, May 20.—The new liquor license ordinance recently passed by the City Trustees was again brought up at last night's meeting of the Board. Sergeant Kamp of the Police Department brought the question up by asking the Board what they intended to do about the license. The outside liquor dealers said that if they are compelled to pay \$500 a year to solicit orders in Alameda they will open saloons as the \$500 license is for the privilege of retailing liquor and is the same as is paid by the retail liquor dealers of Alameda. The latter dealers in turn object to the license being lowered again to \$300.

In the meantime, as the ordinance has been rescinded and the new one not yet thoroughly established, the outside dealers can solicit here without a license. This state of affairs has brought forth a complaint from the local liquor men and to our city by the Board will no doubt have to adopt a special liquor license for solicitors outside cities. The matter was referred to the Committee of the Whole and the City Attorney will be reported upon at the next meeting of the Board.

## PROPOSED PIPE LINE.

ALAMEDA, May 20.—The proposition of building a pipe line across the tidal canal advanced some time ago by City Trustee Miller was reported upon at last night's meeting of the City Trustees by Engineer Poyner. Mr. Poyner figures the matter out from the point that Alameda will in the future have a population of 50,000. From that point he showed how to supply a city of that population, it would cost a pipe twenty-four inches in diameter. This pipe would cost, if run through cement bed, \$200,000. The same pipe of steel would cost \$60,000. The matter was discussed at some length, and finally referred to the Committee of the Whole.

## LITERARY CLUB.

ALAMEDA, May 20.—The Encinal Literary Society will give its fifth annual open night on the evening of May 29th at Armory Hall. A program of extraordinary interest is being arranged by the committee in charge. It will include a farce entitled "Captain Robert Rock," in which local players will take part. The cast of characters is as follows: Dan Dawson, F. F. Griffiths, Timothy Tolman, Harry Dumont, Clarence, Miss Alice, Eugene, Mr. Tolman, Mrs. Seidenburg, Katy, Miss Edna Wichman.

## DIFFERENCE IN RUMMAGE SALES

To the Public—The Rummage Sale announced to take place at No. 1063 Broadway this week is not the Rummage Sale for the benefit of the King's Daughters' Home who recently suffered by fire. That sale commences May 28.

## PICNIC A SUCCESS.

The first annual picnic of the Sequel Athletic Club was a great success, dancing and good music and good order was kept throughout the day.

## Signature on every box of the genuine Laxative Bromo-Quinine Tablets.

See nearly that cures a cold in one day.

M. M. DUNN AND  
THE TUNNEL ROAD

EDITOR TRIBUNE.—The evening papers convey an erroneous impression as to the position of Mr. and Mrs. M. M. Dunn in the matter of the tunnel road to Contra Costa county. They were willing to donate a 50-foot right of way free of charge and had executed and delivered to a representative of the county a deed to such right of way, but containing two conditions, the first requiring the completion of the tunnel, and the second requiring the use of the tunnel road to Contra Costa county, and the second providing for the fencing of the road through their property. The condition providing for completion of the tunnel beyond the county line proved to be technically objectionable to the Surveyors could not accept such a deed. The road laid out by the viewers was to be 66 feet wide, while the Dunns deemed 50 feet to be sufficient. The award of the viewers is at the rate of \$200 per acre and leaves the fencing to be done by the property owners.
